

Need photos and measurments taken for a retail location (Bellevue)

Location **Iowa**
<https://www.genclassifieds.com/x-375636-z>

Need someone to take measurements and draw out rough dimensions of a customer service desk area in a grocery store that is set for remodel. I also have a two page form that needs to be filled out with measurements and answers to some yes and no questions.

I had someone lined up but they had something come up.

Also will need some clear photos of the space - specifics on photos provided in the survey form.
 I am posting here since I have not heard back from anyone on the other gig posting I have made.

Should not take any longer than an hour max. You will need:

Tape measure
 Pencil
 Blank Paper
 Printed out (2) page form (Provided via email)

Please respond with full name and contact info along with applicable experience.
 Will pay upon completion same day via western union or moneygram.

Looking to have this done asap - today or tomorrow.!
