Hello,

My name is Joe and I am a union bricklayer looking to take on some side work for the summer. I am experienced in block, brick, stone, and small concrete jobs. I am available for new construction projects, repairs, maintenance, and cleaning. I work full time as a mason and do these projects on the side so my prices are competitive. Please feel free to email me with any questions or to set up an appointment for a free estimate. Thanks for
