### WE'RE HIRING NANNIES!

College Nannies and Tutors is a professional, protected, privacy and safety with the working family. We never sell your information. When a job is currently open, we have in the past or have simply filled out an application, all information is kept private and secure.

Family screening: Before we send any of our applications out on family interviews, we have not the family personally, conducted a family meeting, created a job description and not only determined that they are a legitimate family looking for a nanny or tutor and have a safe environment, but also that they are a potentially good fit for the applicant we are sending.

3. Ongoing support: We are not a "head hunting" service that disappears after we connect you with a family. Whether it is assisting with a challenging issue or developing your resume for child development,

education, role modeling or coaching, we are only a phone call or email away.
