College Nannies and Tutors will protect your privacy and safety while working with us.

Privacy: We never sell or share your information. Whether you currently work for us, have in the past or have simply filled out an application, all information is kept private and secure.

2. Family screening Before we send any of our applicants out on family interviews, we have met with the family personally, conducted a family meeting, created a job description and not only determined that they are a legitimate family looking for a nanny or tutor and have a safe environment, but also that they are a potentially good fit for the applicant we are sending.

3. Ongoing support: We are not a "headhunting" service that disappears after we connect you with a family. Whether it is assisting with a challenging issue or developing your resume in child development, education, role modeling or coaching, we are only a phone call or email away.
