2 and a half year old husky mix is looking for a good forever home. He gets along great with cats, other dogs he takes some time to get used to. For this reason I don't recommend taking him to a dog park. He has had basic obedience training and is well behaved on walks. He has no known medical issues and is up-to-date on all vaccines.

He is a large dog so I'm looking someone who has their own home with a large yard. Preferably has experience with the breed. He gets over-excited with children so I'd prefer for him to go to a kid-free home. He's extremely intelligent and a great guard dog. There is a \$150 rehoming fee to insure he goes to a good home who will take care of him.

Email for pics and more information. Serious inquiries only. Please type "Oliver" in the subject line so I know it isn't.
