Hi, My name is Laurilyn. I am 24 years old and have more than ten years experience in childcare. I have volunteered in preschool and daycare settings as well as babysitting. I have worked with several special needs children and currently have my own eight month old at home. I am currently up to date on adult and infant CPR and first aid certification.

I am looking to watch up to two children in my home for any of the following:

- Full-time
- Part-time
- Evenings
- Weekends

I can also provide meals and snacks as needed (excluding formula).

If you would like to discuss childcare further please feel free to email me and I can provide you will a list of references and my phone number if you would like.

Thank you for your time and.
