

ISO Dirt Bikes (5000 USD)

Location **Montana**
<https://www.genclassifieds.com/x-376412-z>

I'm looking for a dirt bike for my husband for our 1 year anniversary and his birthday. He used to ride professionally and wants to get back into it. I'm looking for a newer bike (preferably around 2010 or newer), he used to ride 450s but he could also ride 250s especially since he's just starting back up again. He likes Suzuki, but also likes KTM and Kawasaki. He does not really have a preference for this bike, he'd just be super excited to actually have a bike again. We live in Sidney, but travel to Billings quite often, so location really isn't an issue for us to come and get it or look at it. Also, if willing to take payments please let me know because payments would definitely make it easier for us, we'll even pay some interest if necessary. Please email with bike info and a picture or two would be much appreciated. Our anniversary is at the end of next month so I'm looking to find one before then. Thank you all so much that do take the time to help us!
