Why are so many horses standing around year after year not being rode or used?

WOULDN'T YOU RATHER ENJOY RIDING YOUR HORSE OR HORSES RATHER THAN JUST FEEDING THEM? Learn to enjoy riding the trails or the high mountains

By popular demand and needed we have decided to offer an online No nonsense no gimmick training horse problem solving clinics to the general public. For over 25 years we taught people horsemanship and safety at our ranch in Meridian Idaho. We successfully taught literally hundreds of safety conscience people to understand horses and become safe trail riders.

What we teach is horsemanship safety first. Safe trail riding for the mountains, desert, all around riding. Our clinics brought both experienced and those who are new to horses, to include most all of the area hospitals, airline pilots, rodeo riders, hunters, moms, dads and children only when accompanied in a family program. We have worked closely with the best veterinarians in the valley.

We have not invented anything new, we share generations of tried and proven training methods used by great horsemen, women, stock men, doctors, nurses, and hunters.

No gimmicks magic bits, or magic horse tack. We keep people safe through knowledge and understanding.
