Zero deceit and / or BS. I am a 23 yr old girl absolutely new to the city and I very much want a small amount of help getting on my feet. I squandered almost all my cash to get here. I'm highly hassle-free, neat, and extroverted. I happen to be an exceptional cook (South American food is my favorite). I do not desire any kind of drama and furthermore I would like my room. I have been scammed numerous times by assholes I've met on NSAfinder. If intrigued don't hesitate to contact!
