

Roofing of all Types (Rochester)

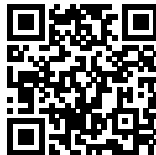

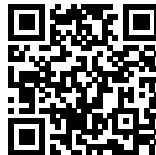

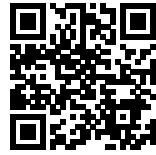

Location **New Hampshire**
<https://www.genclassifieds.com/x-376508-z>

Michael Ray Mayo Construction has been doing roofing for over twenty years. We do small and large jobs. New construction, re-roofs and simple repairs. We can flash skylights, lead chimneys, and shingle complex roof systems others shy away from. The roof deck is always re-nailed. Barn boards are always checked for rot, cracked outed, or missing. If roof decking is found to be less then the manufacturer specifications for the warranty, we will recommend installing plywood as a layover. We approach all roofs like they are, are own. No job is complete until you the home or business owner is satisfied with the clean and work performed. Call today and get an estimate typically within 48 hours.

Michael Mayo
