For sale is a Craftsman 19.2v (8 piece) tool set. The set is in good condition and comes with everything pictured. It has the following tools:

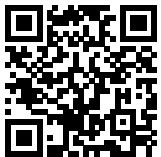

- Drill
- Impact driver
- Reciprocating saw
- Work light
- Jig saw
- Circular saw
- Sander
- Vacuum

It also has 1 hour quick charger and 2 batteries. I put both batteries on the charger and they both took a charge, however I don't know how strong they are. The set hasn't been used in a while. If worse comes to worse you can find batteries really cheap on eBay. It also comes with 2 tool.
