

Fisher Price Whale of a Tub Baby Tub

Location **New York**

Adorable Fisher Price Whale of a Tub baby bathtub - very good used condition (a couple of scuffs - see photos), but missing the baby stopper so best for older babies. This worked great when my son was too big for the sink but too little for the full sized tub. Not within walking distance? Combine it with one of my other listings! :)

\$5 cash/pickup only.

From the manufacturer:

- Fits over single or double sink, or inside a traditional bath tub
- Soft-grip, non-slip foam surface keeps your baby in place and comfortable
- Plug for easy drain and clean
