

Need a spring hanger put on (Glen Burnie)

Location **Maryland**
<https://www.genclassifieds.com/x-376602-z>

I have a 1993 Ford F-150 I need some work done it my main problem right now is the passenger side spring hanger it has rusted out and broke I have the the hanger I got from Crazy Rays all I need is someone to jack it up grind off any rivots or bolts put the new one on its not that hard of a job I just dont have time to do it. If you have mechanical tools mainly a breaking bar sockets 1/2 inch ratchet and grinder and maybe jack stands I have a floor jack then you can do the.
