

Plus Size Model Casting (, USD)

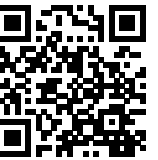

Location **Maryland**
<https://www.genclassifieds.com/x-376621-z>

Caucasian, size 10 and larger models needed for catalog. No tattoos or body mods of any sort.

Photographer for Big and Tall Women's clothing outfit inviting submissions for consideration for test photos, free, to be submitted to client for consideration. Studio in Laurel is where shoots occur if your submissions/port/book/(no experience necessary) interest me enough that I find that the client might hire you based on the photos I shoot. If client hires you we will shoot in their Baltimore offices using their wardrobe, but a variety from swimwear to fashion is important to send if you want me to consider a test shoot.

If you then are a plus size (or larger) talent with a nice smile and potential in your submitted resume/email and accompanying photos, then we would like to audition you! This will be a paid job if you are chosen from the audition shoot. The client maintains a print catalog and you will be on a website for the clothing company. If selected, it's paid work for both of us.

If you are inexperienced that is fine, just know that being friendly and likable is more important to being selected for the free test photos, than how sexy you would look selling stockings--No one likes photos of someone sullen and bored. Your mid section could be any size, especially since the client sells corsets and BBW lingerie and other attire. The client is looking for teens through middle age, your race must be Caucasian or Ashkenazi, size 10 minimum for the plus sized gig. Attach photos, never embed them, no headshots:

PLEASE SEND ALL SUBMISSIONS TO [imagesbyian @ gmail.com](mailto:imagesbyian@gmail.com)

3) ATTACH, Never Embed a photo in email, never send a headshot, never send a photo smaller in file size than half a megabyte (larger file size means you are sending detailed photos, nothing cropped, always head to toe).

PLEASE TRY AND SEND ALL YOUR SUBMISSION PHOTOS (approximately 5 - 10 shots, NOT including any links to OMP, MM, etc. I need full-sized photos to evaluate) attached to one email so they do not get lost. The spring catalog I worked on had good candidates who sent 6 photos per email on average.
