My 9 month old cat has been missing since the night of April 6th. He is a blonde long-haired domestic with orange accents. He is very fluffy with a bushy tail. He does not have a collar, is not neutered, and does not have a chip. He is an indoor/outdoor cat and very cuddly. I can only hope someone had taken him in or he might be around an un-spayed female cat in the area. If you have seen this cat, please call, text or email. There is a reward for my boy and I just want him back.
