About the GENRE: Sci-fi Southern Gothic mystery thriller
PLOT: Julie is having an existential crisis. She is currently a volunteer rebuilding houses in the lower ninth ward of New Orleans. Volunteering is failing to be the fulfilling & purposeful experience she hoped it would be due to the complicated nature of the system. She befriends a new volunteer, Lance, an alcoholic who seems to have vivid hallucinations when intoxicated. Julie & Lance, as a practical joke on a religious volunteer, pretend to heal a few aging peers. Their spiritual farce creepily produces actual results, conjuring a creature from the spiritual world that is seemingly connected to the drunken "hallucinations" Lance has been having.
