

Retoucherart director looking to collaborate with a great photographer (NYC)

New York Location https://www.genclassifieds.com/x-376838-z

Hi there!

I'm a retoucher who is looking for a GREAT photographer to do some unpaid projects in my spare time with just for fun. I'm feeling really inspired lately and I need an outlet for it. I am not just a retoucher, I have a real creative viewpoint and my varied background makes me very well-rounded. I got my start in industrial design and moved into the photography industry.

My idea is that we would collaborate on a photoshoot (maybe a book?), we would both be instrumental with the direction of the shoot but we would also trust each other to make decisions. In other words I'm not a photographer and I'm not going to pretend to know more than you do. I love putting my trust in other talented people. You do you.

I have a full-time job so it would be restricted to the weekend/nights.

Ideally you have a full team that you are established with and have access to studio space.

You can check out my work here: www.idontblur.com

My most recent work has been featured in Harper's Bazaar, Vogue, etc.

Send me an email if this sounds interesting to you. I would love to discuss some ideas for a.
