

Photographers BEWARE (Brooklyn)

Location **New York**

Hi fellow freelancers, just wanted to say to watch out for a clothing company located in Brooklyn called Calm Clothing NYC (Guy's name is Maor Rosilio OR Moe). This guy has a habit of having a photographer do work for them then use the photos and not pay them. Be aware and be warned, we all have bills and can't afford to get stiffed!

P.S. I have heard from others and apparently this guy has pulled this move on not just me, but another photographer and a few models as well. PLEASE!
