Why not be honest right?

My wife and I have a need for a go-to babysitter on the weekends.

In an ideal world, I love the thought of it being someone who has a similar fantasy of once the kids are down... She explores the house. She's curious about our sex tapes, which vibrator my wife uses.... And just wishes to privately explore how much of a man hubby really is.

Serious enquiry only....
This offer for a babysitter is real.
