\$5 or \*\$10 per Closed Lead in the toxic free product company

For the Closed Lead in the toxic free product line, a Referral Marketer will be paid \$5 via Paypal or \$5 off a retail toxic free product from this same company or accept a \*\$10 paid introductory fee to join this same toxic free company.

Once accepting the membership in the toxic free company, the Referral Marketer can then sign up persons under their member number and receive compensation of 10% commissions directly from the company for the new customer's product purchases. If the referral marketer does not wish to receive compensation from the toxic free company, I will pay the \$5 for the Closed Lead via Paypal or give \$5 off a retail toxic free product from this same company, signing the customer under my, Nek'ka Migel's, member number.

A Closed Lead means the customer signs on the dotted line to join a legal plan, purchase a membership and/or sign up to purchase products or services. To verify a Closed Lead, means the customer's credit card or check has cleared with the company they sign up with. For the shopping network, it would mean the customer has completed the sign up process and is listed in the back office of the Referral Marketer or owner of Choose to Succeed Referral Marketing.

If this agreement is accepted by you, call me to meet so you can sign this contract. Only serious Lead Generators need apply. Great for Single!
