397 Manchester Rd, Belgrade. Christopher Peck is the landlord. Some of the things he did to me while there for one week are as follows: yelled at me about things i did not say, threatened to have me arrested and my things taken to the curb, turned the power to the stove top off. Turned the heat off. Removed the pots and pans from the kitchen. Threw one of my two bags of food away. Left two dogs upstairs (he was staying downstairs during my stay). The dogs were not housebroken at the time and they pooped and peed all over the upstairs. Removed the toilet paper from my bathroom. Locked me out of the house three times. Would not unlock the door until I said I would break the door if he didn't unlock it. Wanted me to remove my things stored in the garage to the driveway. Denied me access to my stuff in the garage until I told him I would break the door if he didn't unlock it. Asked me to do some work for him. I worked 13 hours repairing some doors, and he neither paid me, nor did he thank me. I was frightened by this man, and i was tormented by the things he did on a daily basis to intimidate.
