This is a Travalong Brand Dump Trailer. It is in terrific shape. Goose neck. New Battery and brand new tires. All lights work very well. Brand new brakes. Very little wear on them. Has barn doors in the rear. Works well. Large powerful Hydraulic piston. No issues. I'm selling because I am not using it at this time. This trailer has a 16 foot box. I believe it is a 2005 or 2006 model. Asking \$ 7,500. Open to offers. Trailer was nearly \$11,000 new. This would be a great trailer for contractors, or landscaper work. Please email me through Craig's list or call. This will be a cash or certified bank check sale. NO PayPal. I'm not interested in trading this item for anything else. Thank.
