Hi, I have to give away my holland lop eared rabbit because he deserves more energy to hop around than I can give him , he's 2 years old , name Bentley, he loves carrots , so if you have those it's a plus , he will love you forever. I am hesitant about giving him away, I honestly don't know if I can, I love him , he's so furry and just beautiful , but his rehoming fee is \$60 he will come with his food dish , water desponsor , and him, have a cage for him If your interested , let me.
