Sonny is still missing and we just want her back! She is a miniature red heeler with a white blaze, white spots, and about 40 pounds. She went missing in Maryland Heights March 15th and was wearing a pink collar with her name and phone number on it. She is skiddish around men. We are offering a cash reward for her return... No questions asked! She is my daughter's baby and we all miss her! Please help us bring her home.
