Chinese students, Indian students, Latin American students and students from other countries. I am an experienced tutor who can help you or your child with grades or to prepare for tests, or just to better learn a subject. I am a Harvard University graduate and have worked as a teacher. The subjects I can help in are History (American History, World History, Medieval History, Legal History, English History, Ancient History, et al.); English; Law; Social Sciences; and Government.

I have 4 children, the youngest of whom is a senior in college. The other three children have all graduated from college. I know what it is like to have school-age children.

I can do the tutoring in your home or in another location of your choice. I am willing to travel. Please call me at anytime between 7:00AM and 10:00PM, 7 days a week. We can talk things over and discuss a possible plan of action, without any obligation..
