

10102 RIGHT GUARD RESTORATION 247 STORM DAMAGE RESPONSE 10102 (North)

Location **North Carolina**  
<https://www.genclassifieds.com/x-377149-z>

[www.rightguardrestoration.com](http://www.rightguardrestoration.com) Extreme weather can be as unpredictable as it is incredible; Hail, Severe Thunderstorms, Tornadoes. It's hard to prepare your home for disasters if you're not sure when they'll strike. Boarding up your home every time a thunderstorm rolls through isn't really an option. Sometime we know when severe weather is coming, like with Hurricanes, but the chance that there will be visible structural damage to your house is usually small. Many times severe weather causes damages that can't be seen from the ground, in turn causing leaks that lead to costly repairs -- especially with Hail Storms. All we can really do is sit back, hope for the best, and see what happens.

Well we're here for the off-chance that you are that unlucky property owner. If you're the family or business that has a tree fall on your roof, your shingles blown off, your windows broken, or worse; then we want you to know that you're in good hands.

We take the same training as your Insurance Adjuster and we speak their language. Our Restoration Consultants take responsibility for the entire reconstruction process and we handle your Insurance Company together. This ensures that you'll get the maximum payout and they don't try and cheat you out of the compensation that you deserve. We know what they cover and what they don't. This is why we represent you, so the insurance company has to play by the rules!

After the initial inspection our Restoration Consultant will report back to our home office and we'll decide if there is enough damage to report an insurance claim. If so, we'll call your Insurance Company and submit a claim for a storm inspection.

After the claim has been certified by your Insurance Company, they'll pay for all the necessary repairs and we'll provide them a detailed description of all the work we performed that was described in the loss statement. This will include all materials and labor with breakdowns for roofing, siding, gutters, windows, etc.

We want to make the process as painless and easy for you as possible so you can get back to your life. If you're not satisfied with any part of our process, let us know and we'll be sure to make it right. We have a 100% Workmanship Guarantee on all repairs and we're a local company so you always know where to find us.
