

Male Sugar Glider (Girard,OH)

Location **Ohio**
<https://www.genclassifieds.com/x-377204-z>

I have a standard gray, male, sugar glider Joey available to go to his new home. He was o.o.p on January 28th. 2015. He has been getting hand tamed, eats on his own, and is doing so well it should be an easy transition to his new family. These are extremely sensitive and amazing animals and require very special and demanding care. Families that already possess & have experience with sugar glider(s) will be a priority for us, since they do not do well without a cage mate.

\$200 for only male Joey. (No supplies included) \$150 if he will have a friend at the time of going to his new home.

*I offer deals depending on your experience and knowledge of suggies.

*I highly recommend neutering male sugar gliders to prevent any future behavioral issues or scent marking. Our vet charges \$100. Will consider a lower cost combination of sugar glider and neutering package.

Do not contact me if you are not financially capable of caring for a sugar glider long term- they live on average 7-15 years.

Do not contact me if you have not researched vigorously on their care. I am willing to help with any questions along the way. (gliderpedia.com and glidercentral.com are great sites for information.

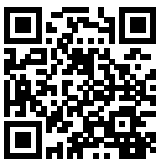

Remember not everything is true online & not every company has the best intentions for their sales)

I will not send home a sugar glider without approving his living situation upon leaving his parents. You must have everything ready and prepared before approval.

If you are interested please text/call me.
