

Reef Aquarium Saltwater Fish Tank 28G JBJ Nano Cube 150W Metal Halide (south far

Location **North Dakota**
<https://www.genclassifieds.com/x-377370-z>

Established Reef Aquarium for sale, This set up was all bought new and has been up and running for over 4 years. I have about \$1,500 into it, You get every thing I have for it, half a pail of salt, random hardware and cleaning supplies, I'll throw in a nice RO/DI unit with new filters.

Plenty of coral growth! VERY BRIGHT 150 watt metal halide bulb and transformer box will grow any coral you want my SPS's do very well! I have installed 4 custom fans on the canopy, they do very well at keeping the water at an optimal temp in the summer months by pulling the heat way from the bulb, plus I installed a large fan on the transformer box to keep it nice and cool.

-5 fish
pair of clowns
manderen Goby
Spotted Watchman Goby
Bangaii Cardinal

I'm moving in the spring and looking to get \$500 OBO any questions or would like to take a look please call or write. I'M ONLY INTERESTED IN SELLING TO SOMEONE WITH A SIGNIFICANT AMOUNT OF EXPERIENCE IN SALTWATER AND REEF AQUARIUM UPKEEP. I CARE ABOUT THE FUTURE WELL BEING OF MY FISH!

Thanks,
