

# Ameture Female Models Wanting To Build Portfolio and Gain Experience

Location **Ohio**  
<https://www.genclassifieds.com/x-377404-z>

I am looking for attractive girls with any range of experience to model for a project I am working on. This will be published and possibly give you a very large amount of exposure.

We will work creatively completely within your comfort level, no exceptions. Please reply with at least 1 head shot and 2 full body shots, age, location and any questions or concerns you have.

This will be published work and a release form will need to be signed. You will get your name in the credits, use of edited photos that we don't publish for your portfolio and a copy of the final product as payment.

This is a great opportunity for anyone interested in modeling as a career or hobby to get started on their photo album for free while jumping on board for a fun and productive.
