I am looking for a reputable handyman, with references, for the following projects: painting of a deck and outside shed, touch up painting outside the house as well as inside the house. Help with landscaping and hopefully some experience with applying ceramic tile/backsplashes to a small area in the kitchen. Lastly, experience with putting up wire fencing (you need to do measurements). I am offering \$15 per hour and you MUST have your own transportation as you will need to pick up the fencing and whatever supplies needed for projects. I live approximately 2 miles from Home Depot and 3 miles from Lowe's but minimal travelling will be necessary. Serious replies only, looking for someone to start this week! Please call or text Wendy at
