Hi, in a few weeks I will be homeless. I am looking for housing. I'm approved for SSI, but do not receive my first subsidy until May. I can afford to pay for food and am physically able to work, help around the house inside and out, I can help cook, clean, run errands if needed in exchange for a place indoors rather than living on the street which would be my only option until my first check comes in. This would work best for someone older who maybe needs a helping hand. I'm very easy going and fun to be around and just need a little help of course one my first check comes in I can and am happy to begin paying rent and or still helping around the home if needed but of course that's up to you and we can discuss the money subject in May. I need housing by April 20th. preferably no minors, alcohol, or drugs. Text, call anytime. I will respond to my phone quicker than email. !
