EBIce Cold Therapy Machine

Designed to provide a therapeutic solution to pain and swelling after an injury or surgery.

Adjustable treatment setting controls, water temperature, and intermittent compression allow for a wide range of applications.

Cooler has a 10-quart capacity and provides cold therapy for 6-8 hours. It is a lightweight polyethylene/polypropylene material with a self-priming pump. Portable and easy to use.

Hosing is flexible and insulated to maintain temperature and usability. It attaches to the pad using quick-connect couplers. Hosing also comes with an in-line water filter ensuring proper water flow and avoiding blockages.

Condition is like new.
