

Day Of Wedding Coordination (United States)

Location **Wisconsin**
<https://www.genclassifieds.com/x-377623-z>

I am looking for a team of event planners to help me out on the day of my wedding. I am an extremely organized person and will have all responsibilities clearly delegated. I will provide you with a floor plan and all of the decor and supplies will already be at the venue for the reception. The ceremony may be a bit tricky, this is something I am still working out. The ceremony is at Brown Deer Park and the reception is at Lakefront Brewery, on Sunday, June 14th 2015.

The biggest help I need is the set up and take down because all of my friends and family will be celebrating my day with me.

I need to have a team that is reliable and responsible. I would suggest at least two- three people to be a part of this team. Essentially, you will be working for a total of 4.5 hours, but the last 45 minutes or so will be for the clean up/packing up time at the end of the night.

If you meet my expectations, are professional and organized, I will write you an amazing review. In order to be considered you need to have at least 2 professional references and 1 character reference.

Serious inquiries only.
