I have a female motley boa she is almost 1 year old and has really dark colors. She is 2 foot long. She is also really tame and used to being handled and eating fuzzy rats. I'm wanting a 250\$ rehoming fee Might come with her tank for right offer.

The blood Python is a female I think and she is only a few months old still small has nice colors and is eating fuzzy rats. I am wanting 200\$ for her she will not come with tank

I might consider a trade for a pitbull or germanshepard puppy.
 Also might trade for a large 100 gallon or more fish tank must hold water
