Meet Lady! This girl has it all. She is smart, sweet & adorable.

This pretty pit mix is approximately 3 years old, 50 lbs, and she is spayed, UTD on all vaccines and fully potty trained.

Lady is stuck in boarding because she does not get along well with other dogs and cats... But people?! Forget about it. She is fantastic with every person she meets, including kids. If you are looking for a best friend to cuddle with, look no further - Lady is the gal for you. She is gentle, loving and a very smart girl.

If you can open your home to Lady for foster or adoption please reply here and her rescue will get right back to you. She is currently in Reading, PA but transport can be provided anywhere from Delaware to Vermont. She deserves a life better than one behind bars so please contact us if you want to meet this loving girl.
