Will record your vocals on top of the beat for an extra \$100.

And will mix and master for an extra \$100.

\$300 you get a beat with rap and a mix. No matter how long it takes.

WORKING ON THE CLOCK IS A BRAINWASHING MECHANISM.

As a pro producer, I get paid by the track. Period. Let's GO. That's IF IF IF you can actually rap ????

If you can do better anywhere I'll be:-)
