Looking for a personal trainer to come to my home or meet at the Mill Creek LA fitness at from 7 am-8am Mon, Tues, and Friday for small fee or trade for professional sports massage.

I am a California licensed massage therapist and currently weigh 127 lbs and want to weigh 115 and reduce my body fat and build more muscle.

I want to get in really good shape for summer. I would be willing to do a before photo and after for a new trainers portfolio.

Please call if interested.

Thanks,
