Kelvinator Freezer (4500 USD)

Location **Wisconsin** https://www.genclassifieds.com/x-377754-z

For sale are 2 Kelvinator Lab/Pharm Freezers. They were originally used to house cheese cultures for a cheese manufacturer. These are mostly used to harden ice cream and cakes. Both freezers are in fair to good condition. They are currently housed in my friends warehouse. Below you will find the specs on these freezers. All questions can be emailed through CL.

Programmable Defrost Controller with LED digital display Highlights Checkmark49.1 cu. ft. Capacity

The Global/Kelvinator Hardening Cabinet is known for quality, performance and reliability and has set the standard for use in hardening batch ice cream products and cakes.

Features

•Microprocessor Digital Temperature and Programmable Defrost Controller with LED digital display

•CRO and TXV valves

•Auto Door Switch technology

•Energy Star compliant

•Make: Global Refrigeration/Kelvinator

•Model: T50HSQL-4

•Description: Hardening Cabinet, Quad Door, 49.1 cubic feet Inner Half Height & Full Height Outer

Door. Temp Range 0 degrees F to -30 degrees F, Digital Controller

•Finish: Galvanized Steel White Powder Coated

•Capacity: 49.1 Cubic Feet

•Electrical: 208-230/115V

•Rated Amps: 11.5

•Temp Range: 0 degrees F to 30 degrees F

•External Dimensions(LxDxH): 52" x 36.88" x 79.75"

Specs

The unit construction shall consist of a white powdercoat finished galvanized steel interior and exterior. The unit will have four cantilever shelves. Cabinet is specified to use R-404a refrigerant. Refrigeration control shall be mechanical control with a temperature range of 0 degrees to -30. The unit also has a temperature loss alarm.
