Solution House is a local Philadelphia based non profit whose mission is to provide a clean, safe, and sober living environment to homeless Veterans and individuals with addiction, social, or criminal issues, as a result of a substance abuse problem. The Solution House creates and provides program and training situations to enable these individuals to break free of the cycles of addiction, and move from "welfare to work". All of The Solution House's programs and inventive business ventures ultimately attempt to transform former addicts into productive, independent, members of society.

Our programs supply housing and job training to assist this population.

We have many volunteer opportunities, from clerical to physical work. Please contact us for more information.
