Looking for someone to level out my front side. Ground needs to be remove about 2" or 3" of soil and small amount of debris to be removed. Area measure about 22 Ft long and 6 Ft wide. See attached pictures.

The excavated soil will need to be hauled away. It's good soil but I want to have nice and level for some projects I have in mind. This is probably a manual job as the yard is enclosed but there is 3.5 Ft gate door 6 Ft away.

The work can be scheduled for pretty much any time, any day and I would like it done within the next two weeks. Please Send
