Did you know that 70 MILLION people use Pinterest? 85% of them are women and include approx. 40% of the female population in the U.S.

Need help finding quality Pinterest followers, setting up a Pinterest account for your business, or managing your existing Pinterest boards? I can help!

"How?"

- By finding quality/relevant followers for your website, blog, store or service oriented business.
- By setting up or adding to your Pinterest boards in order to attract more followers
- By providing you with the tips and tricks used by successful Pinterest account owners that draw people to their websites, their YouTube channels, their Etsy stores and more, which ultimately draws in more customers and clients.

I can work with budgets big and small, as either a one-time start-up or project push, or I can manage your account(s) on an ongoing basis.

****CURRENT START-UP SPECIAL** \$89**

includes: seeding 10 new or existing boards with 50 pins each,
following up to 500 new pinners on your behalf,
providing you with lots of important Pinterest tips, tricks & how-tos to optimize your website and your Pinterest account.

You'll see results within 7-10 days.

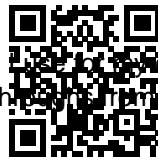

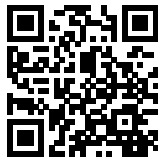

Check out two of my Pinterest accounts which have grown online and have a lot of followers (both have 7,000+ followers). (and I have over 10x more clicks than my Pinterest account on Google!)
