Don't let the age of this machine fool you...
 this old workhorse just isn't ready to die yet!
 It's done its job for us, but our needs have
 exceeded its capacity.

Like the Old West, "there ain't enough room
 in this warehouse for two forklifts," so
 we're parting with this one.

The machine was serviced 4/9/2015, and
 has always had regular maintenance on it.
