"A bargain for what you provided! You guys were amazing....Better than we even remembered the first time we saw you!! Everyone asked who you were and if they could get your information! We are still getting rave reviews about you! I also appreciate while setting up originally... the facility manager asked you to move everything and set up in a different area and you were all very gracious. Thank you for making our day perfect! -Jeff and Vicki, Groom and Bride from West St. Paul, MN (April, 2014)

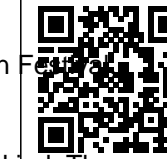

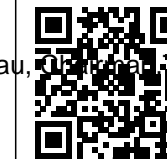

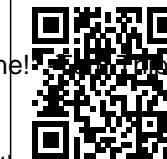

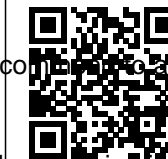

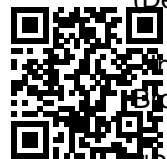

"Fantastic! We cannot tell you how many people said it was a complete blast! So so many people wanted your info and we gave them it! Hope that's ok :) Our friends L & D booked you for their wedding. You did a fantastic job!" (On a scale of 1-5, this client rated In the Fields at a "6" for overall value). Molly -- Bride from Hastings, MN (October, 2011)

"...we've been asked by many to make sure that you're on our schedule...we're excited to have you come back! I know that everyone had a blast, and you've been highly requested to return." --Val, organizer Dickey County Fair, Ellendale, ND ('12, '13, '14)

"We would recommend ITF to anyone looking for live music. They made our ceremony and reception everything we wanted it to be and we can't thank them enough!...did a fantastic job on the songs we asked them to learn for us and at filling in the blanks with music both us and the crowd enjoyed...always responded and sent anything we needed in a very timely manner...We definitely feel the band was worth the money-we told them they need to charge more :) They are worth it!" -Couple

(December, 2012)

In the Fields was recommended to us and we are so happy with their performance that we will recommend them to anyone! Steve was awesome in his communication with my fiancé and I. Even when I got Bridezilla (maybe checking in a little too much), Steve was patient and kind. They were true to their delivery and rocked the house the day of our wedding. They definitely had our back and cared about their presentation matching the vision we had for our wedding! They send out a questionnaire filled with the smallest details - things I would have never thought of asking. We are months past our wedding, and people are still talking about our band! They kept everyone on the floor all night long! I have never been to a wedding where everyone was dancing the entire time!!! You could hear perfectly from everywhere in the building. The band cared about the finishing touches. The lighting was fantastic... Honestly the band should charge more - they are professional, hard-working, and kick ass!!! You get your bang for your buck and a LOT more!!! Everything -- the professionalism, attention to detail, easy to work with, talented Rockstars!! We seriously have people still asking about the band (we passed out your cards) and feel your performance was the highlight of our wedding.

Thank you for doing such an outstanding job!!!" -Berta, Bride from Champlin, MN (October, 2014)

"In the Fields was amazing!! The dance floor was filled the entire night. We couldn't have asked for a better mix of music. We received many positive comments from our wedding guests on how great the band was. Overall it was a wonderful night and we can't thank the band enough!! I would highly recommend In the fields... and have!!"

"Thanks again for making our party so much fun!" -Host of private party, Pine Island, MN (August, 2010)

What In the Fields has to say about themselves:

-You won't find a better songlist for the diverse crowds that attend weddings, street dances, private parties, firemen's dances etc.! The band plays a mix of rock, country, and pop from today all the way back to the 50's, - everything from Elvis and Johnny Cash to AC/DC and Journey to Lady Gaga, the BlackEyed Peas, and Zac Brown. All danceable, well-known, upbeat hits. (for family-oriented events, we will of course omit inappropriate lyrics/songs if you wish)

-Working band-this is what we do! Starting in 2009, the band has played 100 shows per year with the majority of those shows being bookbacks. Two thirds of the band are full-time musicians.

-High-quality PA and lights, and will not blow your crowd out with excessive volume (we get compliments about this fact all the time), though the power is there to crank things up if that is what you want. We are working for you, and pride ourselves on always being professional and flexible.

-High energy, professional in every aspect, talented, experienced, and fun!

-For weddings, we have a system in place that makes the planning process easy, allowing you to be as specific as you like regarding the details of the nights events. We can of course assist you with the planning to whatever degree you prefer.

-The quality of a high-end band for a low-end price!
