I am looking for a female for figure modeling. This is art nude style modeling for fine art images and your face does not need to be show, it is completely anonymous and discrete. You need not have any modeling experience you need only have an open mind. All body types considered, you do not have to be super tall and skinny.

To apply send name, age and a few photos that show your body, selfies are fine. Cash paid the day of the shoot. I can provide model references from people I have worked with to serious applicants.

pay is \$25-\$50 per
