We are a small, southern rescue that saves cats, kittens and pregnant momma kitty's from local HIGH kill shelters. We do the very best we can to save as many as we can with very LIMITED resources. Please, if you love kitties, PLEASE " LIKE " us on our FACEBOOK page. It would really help us out a lot !

Here at Happy Paws Kitten Rescue we have lots of cute, adorable, cuddly, playful kittens. Our kittens and cats have been pulled from local kill shelters and are now in loving foster homes All of our cats and kittens are very socialized and live with children and other pets. We do not have our own shelter.

Every kitten and cat in our rescue is fully vetted and has been tested for FELV/FIV , dewormed, had their ears cleaned, given Advantage flea medicine , have had their FVRCP (Rabies on older kittens and cats), and are ALL spayed/neutered before they are adopted.

Please LIKE AND SHARE our Facebook page to help us help these poor kittens and cats
