If you have a job with unconventional hours, like evenings, nights or weekends and you are searching for someone to care for your child or children, I might be able to help you. I have been caring for children for almost 30 years. I run a small childcare program during the day (7:00 a.m. - 5:30 p.m.). I keep 5 children during these hours, so I am not looking for more children during this timeframe. What I am offering is care for your child during other hours. I am a non-smoker with reasonable rates and excellent references. If you are interested, give me a call. Thanks.
