

Time to get that Lawn Mower ready (Hartford County)

Location **Connecticut**
<https://www.genclassifieds.com/x-378617-z>

The thaw has begun ! It looks like temperatures are going to stay above freezing, the Robins are returning to CT, and this huge pile of snow is starting to melt ! Before you know it, the grass will be growing, and it will be time to take the mower out again. You have about a 50/50 chance that the fuel you left in it last year didn't clog up the carburetor, and stop it from starting this year.

Annual maintenance isn't only recommended by the manufacturer, it's also a necessity to keep things running and working the way they should ! Let me take care of it for you.

Ed's Equipment Recycling LLC, is a Licensed, and Insured business that not only sells used equipment, but I also service ALL BRANDS. I offer pick up and delivery too ! Give me a call, and let me know what you need. I just reopened my shop for the Spring, and am looking to schedule things right away !

Call, text, or e-mail. !
