

SingerGuitarist Wanted (Marietta)

Location **Georgia**
<https://www.genclassifieds.com/x-378640-z>

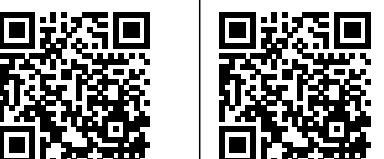

We're a piano-driven indie band looking for a guitarist and singer, preferably a singer who can play guitar. Many of our songs don't have words yet, so someone who could contribute ideas would be a plus. We're looking more for a rhythm guitarist than a lead player. Nothing flashy, mostly just power chords, arpeggios, and octaves, but we're open to suggestions.

You can listen to some of our practice space demos here: www.soundcloud.com/david-tock

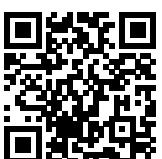

Our current practice space is at Thunderbox Studios downtown, but they are closing down soon. We're working on renting a new one off of I-75 in Marietta, but if you have a place to play, that might work out better. At any rate, have a listen to our samples, and let us know if you're interested. Ages 28+.
