Hi! I am looking for a summer roommate/room/lease takeover for when I will be moving to Atlanta. Would love to get a studio/1BR but that seems to be a little out of my budget. Looking to share an apartment or take over your lease somewhere near Midtown/Virginia Highland/Buckhead for 3 months starting in June. Looking for other interns/young professionals with steady income who are punctual about paying their rent and the bills. Looking for furnished and unfurnished apartments that do short-term or month-to-month leasing.

A little about myself:

- enjoy live music and good cinematography, read lots
- major traveler
- love to cook, try my best to eat healthy yet delicious meals
- will be working standard hours (9-5)
- looking for someone open-minded and friendly who is in the same position as me
- completely new to Atlanta
- would prefer living with a female

Please respond to this by email or text telling me about yourself, send me some social media links, and I'll send you mine. Looking forward to hearing from.
