My roommate and I are looking for a third bud to share a beautiful home with in Atlanta. Conveniently located near I 20, 75, and 85. This home is near and dear to all of the awesome hangouts of downtown including the Braves Stadium! Wonderful street with friendly neighbors. We are both females in our 20's with full time jobs. We get along wonderfully and have a third bedroom available for someone as outgoing as us. We would prefer you have a stable job and are ok with dogs. One roommate does smoke, but only on the porch so smokers are ok only if you go outside. We are open to male or female roommates, but please no couples or.
